Occupation or position held	Deputy Director of the Engineering Faculty - University of Udine
Main activities and responsibilities	Responsibility of the didactics organization of the whole Faculty, in particular I was in charge of guiding the actions aimed at applying the Bologna Process to the first and second level degree courses (Italian law decree 270/04). I joined the group that, at National level, took care of adapting the Dublin Descriptors to the Engineering courses.
Name and address of employer	University of Udine, via Palladio, 8, I-33100 Udine, ITALY
Dates	November 2004 - October 2007
Occupation or position held	Responsible for Orienting and Tutoring of the Engineering Faculty
Main activities and responsibilities	I developed several projects aimed at helping the student to have better knowledge of their skills in mathematics in order to increase the success rate in university studies. Another project was aimed at increasing the female presence in Scientific Faculties (Engineering and Science). The project resulted in an increase from 11% to 19% of the female presence among the students enrolled for the first level Engineering courses.
Name and address of employer	University of Udine, via Palladio, 8, I-33100 Udine, ITALY
Dates	June 1981
Occupation or position held	Researcher in Nuclear Physics field.
Main activities and responsibilities	I joined several research projects funded by the Istituto Nazionale di Fisica Nucleare (INFN). With time my interest moved from low energy Nuclear Physics (gamma spectroscopy) to relativistic heavy ions Nuclear Physics (ALICE experiment at the LHC accelerator at CERN). From 1996 to 2000 I had the responsibility, at National level, of a project for the study of proton emitting nuclei. I spent quite a bit of time (3.5 years) working in foreign Laboratories (Germany, France, United States) developing specific competencies and skills. I'm co-author of more than 500 publications in refereed international journals and my h-index is 75 (ISI – WoS, October 2020)
